# ABOUT US

otlas-cloud is leading global trading solution platform that works hand to hand in partner and dedicated in improving people's financial security though the world of socially responsible portfolio management holding.

otlas-cloud was established in 2018 as an asset management firm but have been in existence since 2006 under local anesthesia. otla-cloud offers wealth creation opportunities through a unique blend of traditional asset management and alternative trading services. We enable businesses to thrive, and help our clients to maximize their returns and realize their most important goals. For over two decades, we have built a firm uniquely equipped to achieve these objectives and our reputation for quality research, trading expertise and value-added services has endeared us to clients both locally and internationally.

Throughout our history, we have strategically positioned ourselves to take advantage of growth opportunities within America, Europe, Asia and major international markets on behalf of our clients. Our disciplined and consistent approach to our trading portfolio management and it has helped us not only to maintain long-term relationships but to gain access and trust with our clients, but also to continue to attract and retain good people.

At otla-cloud , our people are our most valued asset. The quality of our people is the cornerstone of our ability to serve our clients. For this reason, We trade in significantly and in identifying exceptional clients, developing their skills, and creating an environment that fosters their growth as leaders. We encourage entrepreneurship and innovation at all levels because we believe they are key to developing good quality and committed professionals.

# WHY NOT US

## Our Commitment to your Prosperity

Our disciplined approach the building portfolios allows us to analyze the entire trading universe and find what we believe will lead markets in moving forward. We believe in trading across the globe not only opening our clients to a new portfolios and rewards on their trading opportunities but it can also mitigate Risk.

### Our Mission

Our mission is driven by the possibility of the future; How things could be. It inspires us and keeps us focused on what really counts, working together to transform goals into reality. Our purpose is to help more and more people experience financial well-being through the services we offer. We are dedicated to helping our clients, employees, shareholders and communities achieve financial security, financial mobility and financial freedom

### Analysis & Execution

We review, analyze and establish your current financial position, risk tolerance, trading objectives, and time horizon, with a view to developing an appropriate profile. In implementing the trading strategy, our key consideration is to minimize risk without jeopardizing returns.

### Integrity & Impact

Our value is measured by the degree of positive change we bring about. We strive to make a difference to the people who believe in us - our clients, our shareholders, our business partners, our staff. Honesty, trust and integrity are at the heart of everything we say and do. We keep our promises.

### Our Approach

Our success rests on two inter-dependent factors - proximity to our clients and the marketplace - and close understanding of both our clients and the marketplace's needs and aspirations and the challenges of fulfilling both.

# WHAT WE DO

## Our Finance

We started by providing smart, simple trades, without the high fees and account minimums associated with traditional trading management. We trade your money in a globally diversified portfolio of low-cost index funds, and our cutting-edge technology helps you earn the best possible return, while optimizing your tax bill. This means we do things like automatic rebalanced, dividend re-trading, and tax loss harvesting — services that were only available to the ultra rich until now or that most people found too time-consuming and tedious to do on their own.

Trading is just one part of your financial picture. So, we've introduced more ways to reach your goals and manage your money. High interest savings. Commission-free trading. And features — like automatically trading your spare change — that make it easier to save for your future. That's because we believe that everyone should have access to the tools they need to make smart financial choices.

# OUR PORTFOLIO PLAN

We give you the best option to switch your capital in to a reliable portfolio as your financial circumstances changes for good. We will change your thoughts on ideas on how you trade to suit your needs without additional costs!

And our executive team has been working together for over three decades. This stability and experience across multiple market cycles help us deliver results for our clients

## Exceptional Returns

Over the last decade we have outperformed the average private client trader in almost all periods. Our client returns are one of the best in the whole world because we believe in using the least amount of input to achieve the highest amount of output.

# PRIVACY POLICY

Otlas-cloud LLC respects your privacy and is committed to protecting and respecting your personal data. This privacy policy aims to give you information on how we collect and process any personal data i.e. information about a Client (as defined below) who is a natural person on the basis of which that Client can be identified (hereinafter the data) in accordance with the applicable data protection legislation and best practice.

We strive to create the most secure infrastructure of any broker in the world. In this privacy policy we would like to tell why you can trust us with your data and rest assured that your data is safe.

It is important that you read this privacy policy together with any other privacy policy we may provide on specific occasions when we are collecting or processing your data about you so that you are fully aware of how and why we are using your data.

In this Privacy Policy, unless the context otherwise requires, expressions defined herein shall have the meaning ascribed to them in the Terms & Conditions.

Please note that this Privacy Policy is addressed to Clients and potential customers. If you are an Otlas-cloud employee, a contractor to Otlas-cloud or a third-party service provider, your personal information will be used in connection with your employment contract, your contractual relationship or in accordance with our separate policies which are available by contacting us at the contact details listed in the section OUR CONTACT DETAILS below.

# 1. WHO WE ARE

Otlas-cloud LLC, is a company registered in Delaware, United States and having its registered address at West Conshohocken, PA, United States, 19428 (hereinafter Otlas-cloud). Otlas-cloud is the controller and responsible for the data of the Client disclosed to us in order to register for a Trading Account, Demo Account and/or to make use of any other services offered by the Otlas-cloud LLC (as defined in Appendix A) through the website (hereinafter “Website”) (this term shall at all times include Website’s desktop and mobile versions).

This Privacy Policy is issued on behalf of Otlas-cloud Group so when we mention “Otlas-cloud”, “Company”, “we”, “us” or “our” in this Privacy Policy, we are referring to the relevant company in the Otlas-cloud group responsible for collecting and/or processing your data when you use the Trading Platform through the Website, either for a Trading Account or a Demo Account (or their mobile/desktop versions) (hereinafter the Service(s)). In Otlas-cloud we respect your privacy and therefore all companies within the Otlas-cloud group are committed to protect your data, which it collects, uses and/or has access to.

If you are participating in our affiliate and/or introducing broker programs, we will process the data provided under our agreement with you to exercise our rights and perform our obligations under or in connection with the relevant agreement and the term Client in this Privacy Policy shall be read to include the term Affiliate and/or Introducing Broker (as applicable).

The Company takes measures to implement advanced data protection policies and procedures and to update them from time to time for the purpose of safeguarding the Client's data and the Client's account. Your data is protected by the legal, administrative and technical measures that we take to ensure the privacy, integrity and accessibility of data. To prevent security incidents with your data, we use a mixed organizational and technical approach based on the results of annual risk assessment.

The Company shall not divulge any private information of its Clients and former Clients unless the Client approves in writing such disclosure or unless such disclosure is required under applicable law or is required in order to verify the Client's identity or it is required for Otlas-cloud to perform its contractual obligations under any agreement concluded with the Client. The Clients' information is processed only by the employees of the Company and/or employees of the Otlas-cloud group and/or trusted third parties which provide specific support services, dealing with the specific Client's Accounts and necessary for the provision of our services. All such information shall be stored on electronic and physical storage media according to applicable law.
